Biennale of Sydney Media Release 5 March 2020:

"Biennale of Sydney has today revealed NIRIN HAIVETA, a visually striking artwork on Sydney's Harbour, created in collaboration with BE. and supported by Noakes Group.

To create a safe passage for people to share cultures and identities, for the 22nd Biennale of Sydney, titled NIRIN, the vessel – previously known as Radar – has

undergone a complete restoration, transforming both internally and externally. Launched in 1947, the traditionally crafted wooden boat was the “mother” of the Rosman fleet and remained in continuous service for more than sixty years. For NIRIN, Melbourne arts and cultural collective BE. have transformed the skin of the vessel with a design that celebrates Pasifika women’s mark-making through a visual representation and interpretation of Pasifika tattoo motifs”

If you miss out on ferry tickets, don’t despair, come down and watch the festivities from the SFS deck or balcony while enjoying the hospitality of our famous catering team at Foys Kirribilli and the Flying Bear Cafe.
